Synopsis: Public pension funds. Conference committee report for ESB 410. Requires the public employees' retirement fund (PERF) and the teachers' retirement fund (TRF) to apply for a grant from a private foundation or other entity to develop a fellowship program to assist PERF and TRF in increasing venture capital investment opportunities in Indiana technology and advanced manufacturing companies. Strongly encourages the establishment for a ten year period of goals for investment in Indiana for a public pension fund if its board decides to allocate part of the fund's assets to privately held equity or debt asset investments. Allows the board five years to achieve the goals. Does not require the board to achieve the goal percentages if, in the exercise of financial and fiduciary prudence, the board determines that sufficient appropriate investments are not available in Indiana. **(This conference committee report adds language concerning pension fund investment goals and removes language allowing a teachers' retirement fund member to assign benefits to pay for a retired membership in an association that has as members at least 50% of the active members of the fund.)**
